

Software Python IDLE 3.7.0 – Premkumar k

The image shows two screenshots of a Python 3.7.0 environment. The top screenshot is a terminal window titled "Python 3.7.0 Shell" showing the prompt and a few lines of text. The bottom screenshot is the Python IDLE 3.7.0 interface, showing a script named "blim3e.py" being executed. The script imports the "ibmiotf" module and uses the "application" attribute to connect to an IBM Watson IoT device. The output shows a successful connection and a series of temperature and humidity readings.
